

Ectoplasm Wedding

Part of a minister's job is to perform weddings. This one bride asked Carl if she would marry her. Upon this request, Carl's mediumistic gift kicked in. He did not feel good with this marriage, and told the bride his opinion.

The bride looked crushed and heartbroken. She pleaded with Carl to perform the wedding. Carl acquiesced to the bride, and agreed to marry them.

The wedding was to take place in Gifts of the Spirit Church. When the bride arrived, Carl again pulled her aside, and again asked her if she still wanted to go through with the ceremony. "There is still time to back out," Carl reminded her.

Again the bride expressed her love for her fiancée, and said she was sure about it.

The professional photographer arrived and began taking pictures of the bride and her bridesmaids.

The ceremony began, and Carl performed the wedding, and the photographer took his pictures throughout the ceremony.

A few days later, there was an intense knock at the door of Carl's office. The photographer was there, and he was boiling mad. What goes on at this church of yours?" asked the photographer, in a rather agitated voice.

"What do you mean?" Carl replied.

"You must have done something," the photographer continued, "I have been taking pictures for over 15 years, and all of the pictures of this wedding are ruined. What did you do?"

Carl said, "Show me the pictures." Carl had a stunned look on his face, when he saw the picture. There was a clear "pillar of cloud" (biblical term) or ectoplasm surrounding the bride, as if to protect her.

About a month later, this mystery was solved. Apparently, the husband enjoyed rough sex, he managed to beat his wife and break her arm in the process. Spirit wanted to protect the bride and surrounded her in ectoplasm. They knew the bride was in physical danger.

For legal reasons, I had to erase the features of the people in this picture. However, I did not doctor the picture in any other way.

Ectoplasm Wedding
