Carl Meets “the Lord of the Wind”

This event took place on Mother's Day weekend of 1986.

One of Carl's clients came across a videotape of JZ Knight who was channeling an ascended master, Ramtha. She sent Carl a copy of this tape and wanted to know if he thought this channeler was legitimate. Carl's viewed the tape; he felt it was genuine; however, he could not be entirely sure without seeing the channeler in person. Carl needed to see the channeler's auric field (aura) to know if real mediumship was taking place.

The client knew JZ Knight was holding a workshop in Tampa, Florida, on Mother's Day weekend 1986. The client offered to pay for Carl's airfare so he could fly down to Tampa, clairvoyantly watch channeler's aura, while she was in a trance state.

Carl flew down to Tampa. His client met him at the baggage claim inside the terminal. Then they walked to the client's car, parked in the parking lot. The client asked Carl to drive to the hotel where the event was to take place, in downtown Tampa. Carl and the client got into the Cadillac DeVille and drove to downtown Tampa.

It was a beautiful, sunny Florida afternoon. A few blocks from the hotel, where the event was going to take place, there was a sudden gust of wind. The wind became so powerful; that Carl had his foot pressing the gas pedal to the floor of the Cadillac DeVille, yet the car would not move forward! Suddenly, the wind subsided, and the car drove forward. Both Carl and his client were shaken up.

When the event began, the channeller, JZ Knight, a beautiful woman from Washington State, came out and talked to the crowd. After her short talk, she went off stage, where she entered into a trance state. Her spirit left her body, and another spirit inhabited her body.

When the entranced body walked on stage, Carl was amazed. The auric field surrounding the channeler's body was so large and bright it illuminated the entire stage. Carl had never seen anything like this. He immediately knew that the entity who would be addressing the audience was from the highest levels of the Spirit World.

The entity spoke through the entranced body. “I am Ramtha, the Enlightened One ...the Lord of the Wind.” Suddenly Carl had his answer! Ramtha had come to meet him in a gust of wind, and proved his power to Carl, by stopping the car from moving!

Carl had never heard such an excellent teaching, from another spirit entity. When the lecture was over, Ramtha turned and began to walk off the stage. Then suddenly, he stopped, turned and marched into the audience, directly to Carl. He grabbed Carl by one of his biceps and turned him slightly. Then with his other hand, Ramtha began at the back of Carl's neck and ran his hand down Carl's spine. As he did this, he knighted Carl as a teacher.

This was a tremendous moment for Carl. Imagine if you can living your childhood as an outcast, considered a possession of the devil, now you are being honored by one of the highest, and enlightened beings in the universe!

Carl was so thrilled by this event that when he returned home, he took the shirt that he wore that day, and sealed it up in a jar. It remained in that jar for about 15 years.

This was the beginning of Carl studying with Ramtha and promoting Ramtha's teachings to the members of Gifts of the Spirit Church. Some years later, Carl came to believe the cryptic message that he received in Charleston, SC in 1983 that was written on the small slip of paper inside a fortune cookie was actually referring to Ramtha.

Dear Sidney,

I want you to know how much I appreciated your letter. At the finale of the recent retreat I had the pleasure of meeting Mr. Hewitt and talking with him. Thank you for writing, Mr. Hewitt, indeed, is a great light.

Love and light,
JZ Knight

JZ Knight was Ramtha's medium. In the spring of 1989, Carl did a reading for JZ and gave her guidance from Spirit concerning a somewhat delicate situation that had developed around her. JZ was incredibly grateful for the advice Spirit provided her, and she wrote this letter to me about Carl.
